Some local receipts and unsettled weather steadied the corn market early in the day, but the weakness of wheat offset these influences and caused an easier tone during the last half of the session. The close was easy. May corn opened a shade higher at 47%, sold between 47% and 47%. Trading in oats was light and the market was a trifle easier because of the weakness of wheat. May oats opened 1/2/2/3/2, and closed at 421/2/3/2424.

The wool market displays marked firmness, and more activity has developed in domestic as well as foreign grades. Changes in fashion appear to have developed a greater tendency to use woolen goods and help the sale of foreign wools adapted to this clas of fabrics. Stocks of domestic wool are very low and the impression is that every pound will be cleaned up at full prices before the new clip is available.

Foundation of Success

TE GREET with hearty approval the Pure Food which was passed by Congress on June 30, 1906, and went into effect January 1, 1907. The people of America are entitled to protection of their health against adulteration and misrepre-

sentation of their food, drink and medicine, and the new law will go a long stride in the direction of accomplishing this purpose.

The REGULATION AND CONTROL of such objectionable and perilous conditions has been demanded for many years by the American people, until their insistence compelled the respect of their representatives in the National Legislature, and produced the Pure Food and Drugs Act, so long a step in the right directions. The victory was of and by the people, and the nation should glorify in the consciousness of it.

When, eleven years ago, it became our desire to furnish the American people When, eleven years ago, it became our desire to furnish the American people with a mild, gentle, convenient laxative medicine for the family, palatable but powerful, barmless but effective, we were actuated by a fundamental PURITY OF PURPOSE—to produce a perfect product, strictly pure, clean, of vegetable ingredients—casy to buy, easy to take and easy in action. In the form of a dainty, fragrant little tablet, in a neat and handy little enameled box fit for purse or vest-pocket, we produce the greatest medicine of the kind in the world, under the motto, from its inception to this day, of "PURITY." We had no guarantee that our preparation, now world-famous under the name Cascarets Candy Cathartic, would make so phenomenal a record, but we had the FAITH that with our bonest intention, our PURITY-PURPOSE, and our insistence upon perfection our honest intention, our PURITY-PURPOSE, and our insistence upon perfection achieved by great scientists, the People would learn the TRUTH, would get the results, and bestow their favor on our efforts.

We have never found it necessary to change our methods, our formula or the form or quality of our product in those eleven years of its history. The sale of Cascarets, by the favor and appreciation of the American people, has achieved the phenomenal proportions of OVER A MILLION BOXES A MONTH,—12,000,000 IN THE YEAR. This is the greatest demonstration of the success of an article created by a Purity-Purpose, that has been recorded.

The American people have recorded their MERIT-VERDICT about CASCA-RETS CANDY CATHARTIC. They have found that this little tablet has ever accomplished what was promised for it,—that it was the purest, mildest, most harmless, most trustworthy medicine FOR THE BOWELS, and with faithful use would accomplish the relief of many ailments arising from disturbances in the alimentary canal. We feel that the great CONFIDENCE of the American People has been deserved, and yet we feel grateful to them for this REMARKABLE DEMONSTRATION and wish to express the HOPE that we will continue to enjoy the confidence of the American Home hereafter as heretofore.

If you have never tried Cascarets, buy a little 10c box TO-DAY, and be sure you GET WHAT YOU ASK FOR—the only GENUINE. All druggists 10c, 25c, 50c.
